

Update

The ministry in Egypt is taking a major step forward. Soon we will be recognized by the Egyptian government and our **churches will be protected** and no longer underground churches!

Pastor Farah in Cairo will be **merging his 4 house meetings** into one whereby the groups will meet in a location that we will be renting.

The ministry in Alexandria is **becoming stable** with about 31 people attending. In June we will be holding a conference with 14 pastors. Our 14 churches will be expanding as far as Upper Egypt.

Please **pray for the Bible college**. We are still working on opening a branch for our Bible college in Egypt. The Biblical material is ready and available for pastors to teach.

Dr. Mike Ray's discipleship course

Dr. Mike Ray is a pastor in California who wrote a major course on Discipleship. He has **given our ministry the authority to use his material**. So far we have translated 16 of the subjects to Arabic. Once we complete the translation, this material will be implemented **in all the countries where we minister**.
